About Us

GALO-TEE SERVICES LIMITED is a wholly indigenous professional services firm with operational offices in **Port Harcourt and Osogbo Nigeria.**

The company's **principal area of business is Vehicle Inspection, Assessment & Valuation,** supported by complementary professional services in **Engineering Assessment & Inspection, Construction & Engineering Inspection, and Damage Assessment.**

Registered in Nigeria under **RC 337689,** GALO-TEE SERVICES LIMITED provides independent and professional technical inspection and assessment services to insurance companies, corporate organisations, financial institutions, vehicle owners, and other clients requiring reliable technical evaluation.

Our team comprises seasoned professionals with extensive practical experience in vehicle inspection and assessment, mechanical engineering, technical inspection, damage assessment, and related fields. Through our technical personnel and operational partners, we have established the human resources, operational infrastructure, and information technology support required to deliver efficient, accurate, independent, and responsive services.

We are committed to providing consistently high standards of professional service while building trusted, long-term relationships with our clients and principals.
Our management team comprises professionals of proven integrity who have distinguished themselves in their respective fields. Their leadership ensures that the company maintains high standards of professional practice, ethical conduct, diligence, accountability, and service delivery.

History

GALO-TEE SERVICES LIMITED commenced operations on **2nd October 2002** with an authorised and fully paid-up share capital of **₦2,000,000.00**.

Since its establishment, the company has developed substantial practical and technical experience in **vehicle inspection, assessment and valuation,** together with engineering inspection, technical assessment, construction inspection, and damage assessment.

Over the years, members of our technical team have accumulated professional experience across a range of specialised technical fields. This experience has contributed to the company's technical depth, practical capability, and understanding of the requirements associated with professional inspection and assessment assignments.

The company continues to develop its technical capabilities, operational infrastructure, and geographical reach to meet the evolving requirements of insurers, corporate organisations, financial institutions, vehicle owners, and other clients.

Management Technical Team

Engr. Adedigba Adeyemi Gbenga — Managing Director

Engr. Adedigba Adeyemi Gbenga began his mechanical engineering career with **Adewole Motors in 1983.** In 1992, he moved into professional surveying and loss assessment with **Yinka Omilani and Associates,** where he developed extensive experience in technical inspection, assessment, and related professional assignments. Throughout his career, he has acquired broad practical experience in engineering assessment, vehicle-related inspection, damage assessment, and technical evaluation.
As Managing Director of GALO-TEE SERVICES LIMITED, he provides strategic and technical leadership and oversees the company's professional operations and service delivery.

Engr. Ajijola Fatai

Engr. Ajijola Fatai is a mechanical engineer and assessor/adjuster with a B.Eng from the Federal University of Technology, Minna, and an M.Eng from the University of Benin. His experience spans industrial maintenance, welding supervision, workshop management, and quality control across the brewing, manufacturing, and food processing industries. At GALO-TEE SERVICES LTD, he combines technical expertise with management experience to deliver thorough assessments and practical solutions, with a commitment to accuracy, reliability, and professional service.

Mr. Godgift O. Etta

Mr. Godgift O. Etta joined the company in **2012** and specialises in **mechanical works, vehicle inspection, assessment, and related technical assignments.** Before joining GALO-TEE SERVICES LIMITED, he gained practical experience with reputable automotive workshops in Port Harcourt, including SCOA, Midas, and Autokinetic. His practical automotive and workshop experience provides valuable technical support in vehicle inspection, mechanical assessment, damage evaluation, and repair-related assessments.

Mr. Kenibo Odubo

Mr. Kenibo Odubo joined GALO-TEE SERVICES LIMITED in **2005**. He has experience in **legal research, corporate legal practice, insurance, and allied financial services.** His professional background contributes to the company's administrative, documentation, compliance, and professional support functions.

Mr. Okachi Amadi

Mr. Okachi Amadi is a graduate of **Management from Rivers State University** and joined the company in **2017**. He supports the company's inspection and assessment operations, with particular involvement in vehicle inspection, assessment, documentation, and field assignments.

Our Vision

To become a leading provider of **professional vehicle inspection, assessment, valuation, engineering inspection, and technical assessment services,** delivered by a highly motivated and proactive workforce committed to meeting the expectations of our clients.

Our Mission

To provide **accurate, independent, timely, and professional vehicle inspection, assessment, valuation, engineering inspection, construction inspection, and damage assessment services** that enable our clients to make informed decisions and effectively manage their assets and interests.

Our Values

- Integrity
- Diligence
- Promptness
- Professionalism
- Ethical Practice
- Accountability

Our Coverage Areas

Through our **Head Office in Port Harcourt** and **Branch Office in Osogbo,** GALO-TEE SERVICES LIMITED provides responsive professional services across our designated areas of operation.

Head Office — Port Harcourt

The Port Harcourt Head Office provides coverage across:

- Rivers State
- Imo State
- Bayelsa State
- Akwa Ibom State
- Abia State
- Cross River State
- Edo State
- Delta State

Branch Office — Osogbo

The Osogbo Branch Office provides coverage across:

- Osun State
- Ekiti State
- Oyo State
- Kwara State
- Ondo State

This operational structure enables us to deploy personnel promptly, coordinate assignments efficiently, and provide timely inspection and assessment services across our coverage areas.

Our Core Service

VEHICLE INSPECTION, ASSESSMENT & VALUATION

Vehicle Inspection, Assessment & Valuation is the principal service offering of GALO-TEE SERVICES LIMITED and represents a core area of our technical expertise and operational experience.

We provide professional and independent vehicle inspection and assessment services for insurance companies, corporate organisations, financial institutions, vehicle owners, businesses, and other clients requiring reliable technical evaluation.

Our services cover the physical inspection, condition assessment, technical evaluation, damage assessment, valuation, and reporting of vehicles.

Our Vehicle Services Include:

Pre-Insurance Vehicle Inspection

Inspection and documentation of vehicle condition and relevant specifications for insurance-related requirements.

Vehicle Condition Assessment

Detailed physical and technical assessment of the general condition of a vehicle.

Vehicle Valuation

Professional assessment of vehicle value based on relevant physical, technical, condition, and other applicable factors.

Accident & Damage Assessment

Inspection and documentation of damage arising from accidents or other incidents.

Repair-Cost Assessment

Technical evaluation of observed damage and assessment of required repair works and associated costs.

Mechanical Assessment

Inspection and assessment of relevant mechanical components and systems.

Bodywork & Structural Assessment

Evaluation and documentation of observable bodywork and structural damage.

Pre-Purchase Vehicle Inspection

Independent inspection to assist prospective purchasers in understanding the condition of a vehicle before acquisition.

Post-Repair Inspection

Inspection and assessment of completed repair works and the resulting condition of the vehicle.

Vehicle Verification

Physical verification of vehicle condition, specifications, identifying features, and other relevant details.

Technical Inspection Reporting

Preparation of clear and properly documented technical inspection and assessment reports.

Repair-Cost Assessment

Technical evaluation of observed damage and assessment of required repair works and associated costs.

Mechanical Assessment

Inspection and assessment of relevant mechanical components and systems.

Bodywork & Structural Assessment

Evaluation and documentation of observable bodywork and structural damage.

Other Professional Services

While Vehicle Inspection, Assessment & Valuation remains our principal service, GALO-TEE SERVICES LIMITED also provides complementary technical services in the following areas.

Engineering Assessment & Inspection

We undertake engineering inspections and technical assessments involving equipment, machinery, facilities, and other engineering assets.

Our approach focuses on establishing the physical condition of the subject matter, identifying observable defects or deficiencies, documenting relevant findings, and providing clear technical reports.

Construction & Engineering Inspection

We provide technical inspection and assessment services relating to construction works, engineering projects, physical structures, and associated installations.

Our assignments may include physical inspection, condition evaluation, technical observations, and documentation of relevant findings.

Damage Assessment

We conduct independent physical assessments to determine the nature, extent, and apparent condition of damage affecting vehicles, equipment, machinery, structures, and other relevant assets.

Our assessments are supported by field observations, photographic documentation where appropriate, technical evaluation, and detailed reporting.

Our Technical Capability

Our principal technical capability is centred on **vehicle inspection, assessment and valuation.**
However, our service delivery is built around **professional inspection, objective assessment, accurate documentation, timely reporting, and client responsiveness.**

This is supported by practical experience in:

- Mechanical Engineering
- Vehicle Inspection
- Vehicle Condition Assessment
- Vehicle Valuation
- Accident Damage Assessment
- Repair-Cost Assessment
- Engineering Inspection
- Construction Inspection
- Technical Condition assessment
- Physical Damage Assessment
- Technical Documentation and Reporting

The combination of practical automotive experience and engineering knowledge enables us to approach assignments with a strong understanding of the physical and technical factors relevant to each assessment.
We ensure provision of reliable technical information that enables our clients to make informed decisions.

Our Experience

Since commencing operations in 2002, GALO-TEE SERVICES LIMITED has developed substantial practical experience in professional inspection and technical assessment.

Our core experience is particularly focused on **vehicle inspection, assessment and valuation,** supported by engineering inspection, construction inspection, and damage assessment capabilities.
Our technical personnel bring together practical automotive experience, engineering knowledge, field inspection skills, technical documentation capabilities, and professional judgement.

Members of our team also have extensive professional experience gained from previous employment and assignments across related technical and professional fields. This experience contributes to the depth of knowledge available to the company.
Our historical professional experience forms part of the foundation upon which the company's current technical capabilities have been developed.

Our Clientele

Our clientele includes insurance companies, corporate organisations, financial institutions, vehicle owners, businesses, and other organisations requiring professional vehicle inspection, assessment, valuation, engineering inspection, or damage assessment services.

We have experience supporting clients with regional and branch operations in Port Harcourt and its environs, Uyo, Calabar, Osogbo, and other locations within our operational coverage areas.

We remain committed to supporting our clients through:

- Independent Technical Inspections
- Reliable Vehicle Assessments
- Professional Vehicle Valuations
- Detailed Technical Reporting
- Prompt Field Services
- Objective Damage Assessments
- Responsive Client Service

Where required, we work closely with our clients and relevant stakeholders to ensure that assignments are properly coordinated and completed in accordance with agreed requirements.

Why Galo-Tee Services Limited

Core Vehicle Expertise

Vehicle Inspection, Assessment & Valuation is our principal service area, supported by practical automotive and engineering experience.

Experienced Professionals

Our technical team combines practical engineering, automotive, inspection, and assessment experience developed over many years.

Independent Assessment

We provide objective technical assessments based on physical inspection, available information, and professional judgement.

Technical Competence

Our personnel bring practical field experience and technical knowledge to each assignment.

Prompt Response

Our operational structure enables us to deploy personnel and coordinate assignments efficiently across our coverage areas.

Detailed Reporting

We provide clear and properly documented reports designed to communicate relevant findings effectively.

Professional Integrity

We maintain a strong commitment to integrity, ethical practice, accountability, and professional conduct.

Client-Focused Service

We seek to understand each client's requirements and provide responsive, practical, and professionally appropriate services.

Conclusion

GALO-TEE SERVICES LIMITED possesses the **experience, technical capacity, professional expertise, and operational reach** required to support organisations with reliable **vehicle inspection, assessment and valuation,** as well as complementary engineering inspection, construction inspection, and damage assessment services.

With **Vehicle Inspection, Assessment & Valuation** as our principal area of expertise, we remain committed to providing accurate, independent, timely, and professionally sound technical services.

Our objective is to deliver assessments and reports that provide clients with reliable technical information upon which informed decisions can be made.

We welcome the opportunity to demonstrate our capabilities and establish a mutually beneficial professional relationship with your organisation.

Thank you for your consideration.
